School Assignment

815

Policy 432 School Attendance Area identifies school assignment:

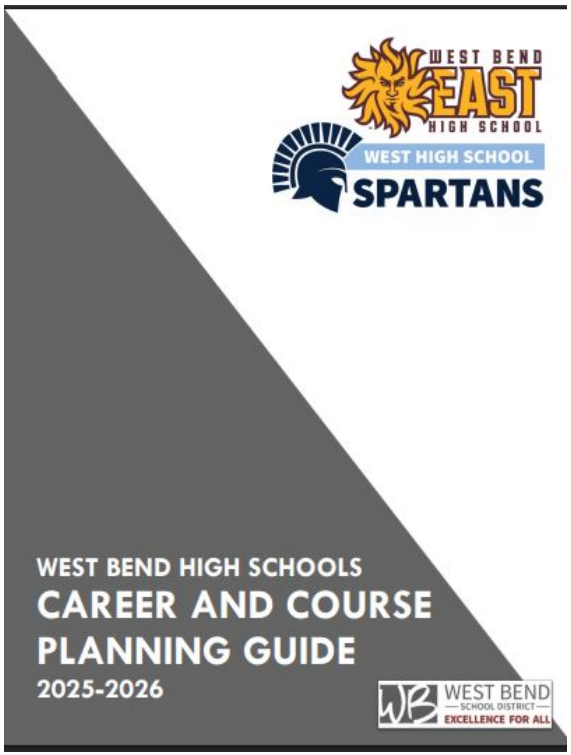

- All 9th-12th grade students will attend East High School or West High School based on the birthdate of the oldest child in the family who is attending or has attended, East or West High School.
  - Odd numbered birth dates will be assigned to West High School;
  - Even numbered birth dates will be assigned to East High School;
  - January 31, March 31, and May 31 will be considered even birth dates and assigned to East High School.
- All 8th grade students will be provided an opportunity to select a high school for attendance. These requests, if approved, will be based upon space available.
- WIAA transfer rules apply for athletics.

COLUMNS Administered Scholarships (not including separate COLUMNS scholarships)	141	79	28	34
Scholarship Opportunities through the WB High Schools	2	2		
Other Scholarship Offerings with Special Applications	24	14	4	6

Co-Curricular Program

Co-curricular programs have a substantial, direct tie to the district curriculum. These programs also provide a service back to the student body in the form of competitions against other schools, performances, or common major products typically associated with schools such as a school newspaper. (Band/Music groups, Debate, Forensics, Skills USA, etc.)

The following have varying degree or no curricular connection. The activities of these programs operate in a manner consistent with the district's efforts to encourage the emotional, cultural, mental, physical and social growth of its students.

- School-Sponsored Clubs - School-sponsored clubs have some curricular connection. (Art, French, Order of Operations Math, etc.)
- School-Recognized Clubs - School-recognized clubs have minimal or no curricular connection. These voluntary clubs are student-initiated by individuals who have similar interests. (Comic Book, Fishing, Youth Impact, etc.)

Dances: Homecoming, Charity, and Prom include separate Courts
